

CPSC 392: Introduction to Data Science Assignment & README Instructions

1) Zip Files

- a.** All assignment files will be zipped into a zip file and submitted via Blackboard
- b.** Zip files should be named as follows: firstInitialLastName_AssignmentX.py (i.e. RAli_Assignment1) unless otherwise specified
- c.** Zip files will include all source files and a README

2) README

A README is a plain text document (.txt) with a list of all reference materials used to aid in the assignment. TextEdit for Mac users and Notepad for Windows.

Fill your README with the following information

- Full name
- Student ID
- Chapman email
- Assignment number
- Description of the assignment, known errors, code limitations etc.
- A list of all references used to complete the assignment, including peers, weblinks etc.
